

Software Developers (m/f)

East Westphalia-Lippe, one of the fastest growing areas in Germany, is home to many well-known and successful enterprises. Ranging from a renowned producer of household appliances, through the probably best known producer of pudding world-wide, to the world market leader in the sector of automation technology: East Westphalia-Lippe impresses with its attractive job market.

Being a personnel consultancy we are enhancing and supporting this positive economic and technological development with the successful placement of specialists and executives. Since we have been in this market for many years we are always searching for good and motivated employees for attractive enterprises in our network. Especially: "Software Developers (m/f)".

Field of functions:

- Development of future-oriented software solutions in the field of security technology, embedded systems or PC-based software
- Tight integration into existing software architectures
- Design and implementation of software
- Involvement into the continuous quality assurance and improvement processes
- Consultation with customers and development partners

Your qualifications:

- Working experience with modern software technology
- Good knowledge of the common high-level languages and architectures
- Knowledge in using Microsoft Developer Tools
- Initial experiences in the field of automation
- Good command of written and spoken German and English

You are furthermore:

- Team-oriented
- Self-reliant, systematic and goal-oriented

Our partner enterprises offer you:

- A modern working environment and work within friendly heterogeneous team
- Flat hierarchies and efficient decision making
- Long-term perspectives in prospective fields of activity
- Attractive remuneration
- A challenging job in a region worth living in
