

SPS Programmers (m/f)

East Westphalia-Lippe, one of the fastest growing areas in Germany, is home to many well-known and successful enterprises. Ranging from a renowned producer of household appliances, through the probably best known producer of pudding world-wide, to the world market leader in the sector of automation technology: East Westphalia-Lippe impresses with its attractive job market.

Being a personnel consultancy we are enhancing and supporting this positive economic and technological development with the successful placement of specialists and executives. Since we have been in this market for many years we are always searching for good and motivated employees for attractive enterprises in our network. Especially: “SPS Programmers (m/f)”.

Your tasks:

- Project planning and programming of SPS-based automation and control solutions
- Programming and automation of SPS control systems in accordance with IEC 61131
- Support of sophisticated projects from design to implementation
- Customer service in Germany and the adjoining European countries
- Customer trainings
- Continuous quality assurance

Your qualifications:

- Completed apprenticeship as SPS specialist, technician, studies of electrotechnology or comparable qualification
- Professional experience and good knowledge in the fields of SPS programming (IEC 61131, CoDeSys, TwinCat, SIMATIC S7, etc.)
- Profound knowledge in the field of bus systems, drive engineering and visualisation
- Good command of written and spoken German and English
- Driver's license class B

You are furthermore:

- Communicative and team-minded
- Flexible and customer-oriented
- Self-reliant and willed to travel

Our partner enterprises offer you:

- A modern working environment and work within friendly heterogeneous team
- Flat hierarchies and efficient decision making
- Long-term perspectives in prospective fields of activity
- Attractive remuneration
- A challenging job in a region worth living in
